

Every day the mighty sun offers its light and warmth to the forest trees, the misty rivers and deep seas. Every natural material bathed in rain water and kissed by the sun, accumulates its everlasting energy.

By using natural materials for our beds and mattresses, we harness all this energy and kindly offer it to you.

COCO-MAT
sleep on nature

Pillow Narkissos

Optimum head and neck support, suitable for all body types. A seam in the middle prevents the material filling from shifting around and creates a soft nest for the head. Filled with flakes of natural latex for optimal head and neck support. Suitable for all body builds.

Pillow Morfeas

Feather-light comfort and smoothness in your standard duck down & feather pillow. The cover is specifically woven to prevent feathers from pushing through. Most suitable for medium builds. Morfeas has been chosen to be included in the First class cabins of Etihad Airways, as part of the Etihad Sleep Program the company launched in 2014 in order to maximize guest sleep experience.

Protective pillow cover Galatia

100%waterproof, thanks to the recyclable micro-film applied underneath. Impermeable and breathable due to the recyclable microfilm.

Mattress Iason

A highly elastic mattress that offers comfort and satisfactory support, thanks to the combination of independent springs and natural rubber. Suitable for all body types. Mattress cover made of 100% cotton fabric, ecologically processed. It is quilted with pure virgin wool.

Top-mattress Iviskos

Perfect elasticity and comfort are guaranteed on our signature metal-free top-mattress. Upgrade your sleep with a solid layer of natural latex that gently hugs every part of your body. Iviskos is the ideal complement to any sleep system, providing perfect support for all body types.
